Cristiano Borean

CFO of Generali France

December 3, 4.30 PM - Lecture room A, F building, Physics Dept. - via Valerio, 2 – Trieste

Back to the Future : a physicist role in the insurance world

Cristiano Borean, CFO of Generali France, will discuss the actual and future trends in the insurance industry where the background of a physicist can fit : financial modeling, actuarial evolutions, Big data.

He will share his experience and describe Generali's strategy in this moving environment.

Organizzazione a cura di: M. Girardi, E. Gozzi, G. Pastore, R. Rui, E. Vesselli
