

Fast Track from Master to PhD in CONDENSED MATTER PHYSICS

SISSA WELCOMES
APPLICATIONS FOR UP TO
6 POSITIONS FOR THE **FAST TRACK**
PROGRAM IN CONDENSED MATTER
STARTING IN **OCTOBER 2021**

SISSA is a scientific centre of excellence on the international academic scene in the fields of Physics, Mathematics, and Neuroscience. With a campus located in a park with stunning views over the city and gulf of Trieste, the School offers first-rate facilities, internationally renowned faculty members, and a very lively and dynamic scientific atmosphere thanks to the presence of nearly 100 postdocs and 300 PhD students.

SISSA offers **2 fellowships** in the framework of an Advanced Training Programme leading to a Fast Track to PhD, in collaboration with the Master Program at the Universities of Trieste and Udine.

FAST TRACK PROGRAM

The **Fast Track** is **2 year** program taking place during the Master course. The aim of the program is to prepare the students for a PhD and a scientific career during their Master studies. The selected candidates will attend special tutorials and selected PhD Courses at SISSA in order to acquire theoretical tools and necessary skills to start a top-level research activity in **Theoretical Condensed Matter Physics**.

Admission to the program is decided after an international selection (cv+interview).

The **two fellows** who will rank best in the selection will be **granted up to 750 euros per month** to cover living costs in Trieste and university fees.

The deadline for application is **June 14, 2021**.
